

# MACEDONIAN COMMUNITY OF WA (INC.) MACEDONIAN COMMUNITY LANGUAGE SCHOOL CHARTER

The main aims of the Macedonian Community Language School (the School) are to provide language education and culture to all individuals irrespective of their background, religion or gender and to develop confidence in the students to use the Macedonian language. The School shares the vision for education of all children and recognises the benefits of second language acquisition to student achievement.

The Macedonian Community Language School is established on strong partnerships with students and their families and strong community involvement within the School. Relationships are based on transparency, honesty and mutual respect. The School encourages parents and carers into the School to work in partnership to promote student learning.

The Macedonian Community Language School delivers face to face learning and is committed to the process of quality education that recognises and respects the diversity of individual student needs and learning.

The Macedonian Community Language School provides timely and informative communications to students and parents/carers. This includes a range of methods to ensure that communications and feedback are focused on learning. Parents/carers are encouraged to connect with the school and use the School's email address [language@macedoniawa.com.au](mailto:language@macedoniawa.com.au) and social media as appropriate communications and stay up to date with upcoming school events.

The Macedonian Community Language School is governed by a Board that is responsible for the effective operation of the School and is reflective of the diversity of the school community, including parent/carer and community representation. The School Board does not have a management function, but is responsible for all matters relating to policy and practice.

The Macedonian Community Language School is committed to the safety and wellbeing of all students and school staff. Unacceptable and unlawful behavior, such as aggressive or intimidating language, inappropriate communication, discrimination, bullying or harassment will not be tolerated.
